Calvin BRIDGES

You're so wonderful
You'e so beautiful

Sunshine and laughter and music
You are so easy to love
You're my best friend
Always understand `
Open and honest and giving
You are so easy to love
When I'm near to you
Even close to you
You lift me higher and brighter
You are so easy to love
Your love is so faithful Tender and kind
I'll love you forever Good times and bad times no matter
You are so easy to love
So easy So easy So easy to Love.... easy to Love

When my up is down
and you come around
You lift my spirit I feel it
You are so easy to love
When your face I see And you smile at me
When we're together so happy
You are so easy to love
Passion, live for joy,
Love's never a chore Always encouraging, giving
You are so easy to love
You saved me You raised me Safe in your arms
I'll love you forever Good times and bad times no matter
