

# God Is Good

Regina Belle

I know that god, my god  
God is good  
Oh god, my god  
God is good  
You know he brought me out of darkness  
God is good  
You know that he saved, my soul  
God is good  
Said that he saved my soul  
God is good  
I said that he saved, my soul, and then he brought me out of darkness  
God is good  
You know that he guides my every foot step  
God is good  
I said he guides my every foot step  
God is good  
You know that he guides my every foot step  
Then he saved, my soul, and then he brought me out of darkness  
God is good  
And then he put food on my table  
God is good  
Said he put food on my table  
God is good  
Said he put food on my table  
Then he put shoes on my feet  
So he could guide my every foot step  
Jesus saved, my soul, and then he brought me out of darkness  
God is good  
And then he made, a way  
God is good  
Said he made a way  
God is good  
I said that he made, a way  
Then he put food, on my table  
Then he put shoes, on my feet  
So he could guide my every foot step  
Jesus saved, my soul, and then he brought me out of darkness  
God is good  
You know that he healed my every sickness  
God is good  
Said that he healed my every sickness  
God is good  
I said that he healed my every sickness  
With no money in my pocket  
He still made a way out of no way, and then he brought me out of darkness

God is good  
God is good
